<sup>1</sup>Note: The EC9611f is sometimes referred to as the EC9600i, which refers to the name of the scanner series. RDM has retired all EC7000i-series check scanners, although current OTCnet firmware versions will continue to support them. RDM has ended production of the EC9111f (EC9100i-series) check scanner: warranty and post-warranty support available through 6/30/25, as applicable.

<sup>2</sup>Production of the Panini i:Deal check scanner has ended. Warranty and post-warranty support available through 12/31/25.

<sup>3</sup>The franker is an internal ink stamp that marks the check as "Electronically Presented" (RDM devices) or "Electronically Deposited" (Panini devices).

<sup>4</sup>The new prices for RDM scanners took effect 10/1/22, and the new prices for Panini scanners took effect 1/1/23.

## How to Purchase

There are two options for purchasing scanners or additional scanner equipment:

- Interagency Agreement (IAA):** Complete an IAA form to transfer funding for hardware from your agency to Treasury/Fiscal Service, and have the OTC Deployment Team purchase the hardware on your behalf. To purchase using an IAA or to find out more about it, contact the OTCnet Deployment Team. Once the IAA is approved by Fiscal Service, the hardware will be shipped at no cost to the agency for all domestic and APO/FPO locations.
- Agency Purchase Card:** To place an order for immediate shipment, use your agency purchase card to purchase the hardware directly from the vendor. Upon request, the OTCnet Deployment Team can provide your organization with order forms for the vendors, RDM and Cennox (Panini Scanners).
