NOTE: Detail may not add to totals due to rounding. Amounts reflect adjustments made to data reported in prior years. Negative figures are displayed when prior year adjustments exceed current year receipts.

1. Collections of individual income tax (withheld and not withheld) include old-age, survivor's, disability, and hospital insurance (OASDHI) taxes on salaries and wages under the Federal Insurance Contributions Act or FICA, and on self-employment income under the Self Employment Contributions Act or SECA.

2. Includes fiduciary income tax collections of \$16.8 billion.

3. Includes taxes of \$553.6 million on unrelated business income of exempt organizations (Forms 990T).

4. Designations by taxpayers of a portion of their taxes to the Presidential Election Campaign Fund are also included even though they are not collections, as such, because they do not affect taxpayer liability. Transfer of amounts to this fund was made on a national basis only and had no effect on regional and/or district office collection data.

5. Includes tax payments made to banks under the Federal Tax Deposit (FTD) system that had not been classified by IRS district/region as of the end of the fiscal year because they had not yet been applied to taxpayers accounts. Also, includes credits allowable on income tax returns for certain gasoline, diesel fuel, and special motor fuel tax payments and for excess payments under the Federal Insurance Contributions Act or FICA.
