What's New: CARS Subscriber Service and New Forms

Subscriber Service

A new feature in CARS that allows users to "opt in" to receive email notifications which will immediately inform you once a transaction posts in CARS. Users can even tailor their notifications!

Subscriber Service

Warrant notifications are currently active and additional transaction types such as Non-Expenditure Transfers (NETs), Warrant Journal Vouchers, and Yearend Closing transactions will be coming soon!
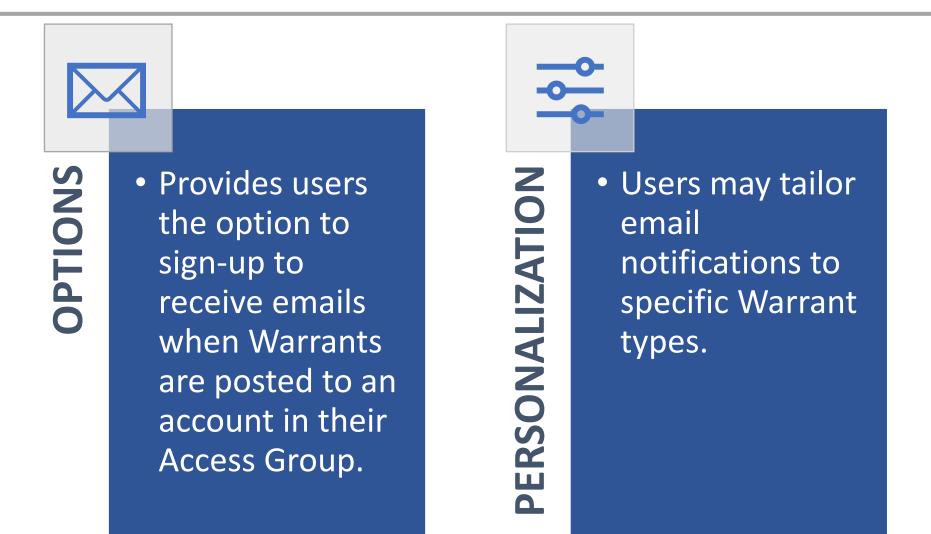

New Forms

New Fiscal Service forms have been created in order to standardize and ease the burden on entities! These forms will eliminate the need to submit request letters for actions such as establishing, suspending, or closing Treasury Accounts; establishing new Treasury Accounts per Inter-Agency Agreements; title amendments; Extended Disbursing Authority; and adding or closing Business Event Type Codes (BETCs)
