DRAFT

PROPOSED ADDITIONS TO USSGL ACCOUNTS FOR FISCAL 2025

Account Title: Contract Authority To Be Liquidated by Trust Funds - FMSTF

Account Number: 413610

Normal Balance: Credit

Definition: This account is used to record the amount of funds received during the fiscal year from appropriations derived from trust fund receipts that will liquidate contract authority. This account does not close at year-end. This account is recorded for FMS case funds that are under control of the U.S. Government in the Federal Reserve or Commercial Banks, but have not been deposited at Treasury.

Justification: Added because FMSTF needs an account similar to USSGL account 413600, specific for their own activity. This account is only applicable to one specific DOD account.

PROPOSED CHANGES TO USSGL ACCOUNTS FOR FISCAL 2025

Account Title: Contract Authority Liquidated

Account Number: 413500

Normal Balance: Credit

Definition: This account is used to record the amount of funds received during the fiscal year from appropriations, non-expenditure transfers, or offsetting collections that liquidate contract authority.

For the Foreign Military Sales Trust Fund (FMSTF), this account is recorded when collections made to FMS cases are received at Treasury.

Justification: Updating to add specific verbiage for FMSTF. This update relates to new USSGL account 413610.

Account Title: Allocations of Authority – Anticipated **Transfers** From Invested Balances - Prior Year

Account Number: 416512

Normal Balance: Debit

Definition: The amount of prior year budget authority anticipated by a receiving allocation Treasury Appropriation Fund Symbol (TAFS), based on an apportionment request by the receiving TAFS, to be distributed from the parent TAFS via non-expenditure transfer, during the fiscal year. Use this USSGL account in conjunction with USSGL accounts 416612, "Allocations of Realized Authority - To Be Transferred From Invested Balances - Prior Year," and/or 416712, "Allocations of Realized Authority – Transferred From Invested Balances - Prior Year."

Justification: Revising the title to align with USSGL Account 416500.

PROPOSED ADDITIONS TO USSGL ACCOUNTS FOR FISCAL 2026

Account Title: Appropriated Debt - Derived From Unavailable Special Fund Receipts

Account Number: 411330

Normal Balance: Debit

Definition: This account is used to record appropriations derived from unavailable special fund receipts and used for capital investments that are required to be repaid but are not considered lending by the U.S. Treasury. This account is used to record the amount of receipts appropriated from an "unavailable" special fund receipt account to a corresponding special fund expenditure account. (Amounts deposited into special fund receipt accounts designated by the Department of the Treasury as "unavailable" are appropriated via Treasury warrant, upon legislative action, to the corresponding expenditure account). This budgetary resource account does not correspond with proprietary USSGL account 310100, "Unexpended Appropriations - Appropriations Received."

Justification: This account will provide a needed mechanism for proper budgetary reporting of Appropriated Debt. These are only applicable to specific DOE accounts.

Account Title: Appropriated Debt – Derived From the General Fund of the U.S. Government

Account Number: 411930

Normal Balance: Debit

Definition: This account is used to record appropriations derived from the General Fund of the U.S. Government and used for capital investments that are required to be repaid, but are not considered lending by the U.S. Treasury.

Justification: This account will provide a needed mechanism for proper budgetary reporting of Appropriated Debt. These are only applicable to specific DOE accounts.

Fund Balance With Treasury is not impacted with the use of this account. Although the normal balance for this account is debit, it is acceptable for this account to have a credit balance.

Justification: This is needed to transfer unpaid obligations and uncollected customer payments that do not impact Fund Balance With Treasury.

Account Title: Unfilled Customer Orders Without Advance – Transferred – With Offset

Account Number: 423010

Normal Balance: Debit

Definition: This account is used to record the amount in USSGL account 422100, "Unfilled Customer Orders Without Advance," transferred from one Treasury Appropriation Fund Symbol (TAFS) to another; and where the account **is offset** by an unpaid obligation.
